December 24, 2023

To: All Soil and Water Conservation Districts in Area 3

We are excited to announce that the Texas Soil Health Workshop is coming back to Area 3!

This event will be held in Kingsville, Texas March 20-21, 2024. We have a great day of field tours planned along with many interesting speakers that have been invited. This is a valuable opportunity to learn more about soil health in cropland and grazing land operations.

The Workshop will include a tour at Prukop Farms and a local ranching operation that have both implemented soil health practices, a NRCS demonstration of the rainfall simulator and an invaluable opportunity to hear from other producers.

We are also excited that Texas A&M Kingsville will play a significant role in this workshop. Their professors will be able to offer valuable insight into soil health practices and implementation in the region. They are also using this as a hands-on learning opportunity for their students.

The Texas Soil Health Workshop is a collaboration between the Kleberg-Kenedy SWCD, the Association of Texas Soil and Water Conservation Districts, the USDA-Natural Resources Conservation Service and the Texas State Soil and Water Conservation Board. We believe this event is an opportunity to promote and recognize all Soil and Water Conservation Districts in Area 3. Please consider making a donation to sponsor the Texas Soil Health Workshop to help offset the cost of the event and keep registration costs low.

A donation of \$200.00 will provide your SWCD with recognition in the program, as well as one complimentary registration to attend the Texas Soil Health Workshop. Extra registrations can be obtained for additional \$100.00 donations.

Sponsorship checks should be made out to ATSWCD with "Area 3 Soil Health Workshop" in the memo line. Sponsorships need to be received by February 28, 2024.

We are proud of the work that you do in your local communities and for Area 3. We hope that you will help us make this event a success so that we can continue to promote and advance the ideas of conservation and soil health. Please contact Tamara Daniel at 254-778-8741 if you have any questions or need further information about the sponsorship program.

Thank you for your consideration, and we hope to see you at the Texas Soil Health Workshop.

Leroy Wolff, ATSWCD Board Member Area III

Jose Dodier, TSSWCB Aera III
