To whom it may concern:

As we all know COVID continues to present many challenges, it is especially difficult for large meetings or gatherings such as our Leadership Development Workshop.

After carefully weighing the emerging facts as well as our duties to our Soil and Water Conservation Districts, Conservation Partners, meeting attendees and the local community, we have made the difficult, but necessary decision to postpone the 2022 Leadership Development Workshop that was scheduled to take place on February 8-9, 2022 at the Mayborn Convention Center in Temple.

We believe that postponing the workshop until spring will allow the current surge in cases to subside and will ultimately make for a better, safer meeting for everyone who plans to attend. We will keep everyone updated as plans progress for the workshop.

Protecting the health, safety and well-being of our Soil and Water Conservation District Directors and Conservation Partners is our top priority and we are committed to providing a safe environment to those dedicated to protecting our natural resources.

If you have further questions, please contact Molly Christensen, mchristensen@tsswcb.texas.gov or by phone at 254-228-7881.

Thank you for your patience, understanding and unwavering commitment to the natural resources of Texas.

Sincerely,

Rex Isom, TSSWCB Executive Director

Tamara Daniel, ATSWCD Executive Director
